

### Focus-Themes:

- Innovation is at the core of what we do. Explore our latest available technologies
- Water Distribution: Make the best of the available data to ensure supply at the lowest cost
- Xylem's New Digital Platform: Let's redefine what's possible for water
- Future of water in the hands of Diversity and Inclusion
- Leveraging the power of sports to raise global awareness

	Monday	Tuesday	Wednesday	Thursday
	30. May	31. May	01. Jun	02. Jun
09:30 - 10:00		Intelligent Decision Making for Water Networks / Case study: Reduce water loss through intelligent leak detection and pressure monitoring <span style="color: #E69138;">■</span>	Achieve Compliance Targets and Reduce OpEx with Off-the-Shelf Process Control Solutions (Xylem Edge Control is a suite of digital process solutions) <span style="color: #E69138;">■</span>	Demand management and use efficiency: Customer Metering & Demand Management <span style="color: #E69138;">■</span>
10:00 - 10:30		Power of Low-Resolution Pressure Data <span style="color: #C00040;">■</span>		Mischwasserabschlagsreduzierung in Herford durch eine intelligente Kanalnetzsteuerung <span style="color: #E69138;">■</span>
10:30 - 11:00		Der Weg der Daten, vom Zähler zum Kunden - collecting data with the garbage truck <span style="color: #C00040;">■</span>	A new way of thinking of wastewater Pumping <span style="color: #E69138;">■</span>	
11:00 - 11:30		The Importance of Pressure: How Pressure Sensors Solve NRW <span style="color: #C00040;">■</span>	Xylem Vue: Let's redefine what's possible for Water <span style="color: #E69138;">■</span>	Optimisation of wastewater treatment plant processes with the help of artificial intelligence - Cuxhaven case study <span style="color: #E69138;">■</span>
11:30 - 12:00	Pipelines Are Forever Assets: Solutions to Extend Asset Life and Prevent Failures <span style="color: #0070C0;">■</span>	Fundamentals of Test Benches: How Xylem can solve your meter testing needs <span style="color: #C00040;">■</span>		Optimierung von Kläranlagenprozessen mit Hilfe von künstlicher Intelligenz - Fallstudie Cuxhaven <span style="color: #E69138;">■</span>
12:00 - 13:00			Break	

	<b>Monday</b>	<b>Tuesday</b>	<b>Wednesday</b>	<b>Thursday</b>
	<b>30. May</b>	<b>31. May</b>	<b>01. Jun</b>	<b>02. Jun</b>
13:00 - 13:30	Smart Pumping - the key to success in Stormwater Management	Übernehmen Sie die Kontrolle mit Cordonel®	Optimierung von Kläranlagenprozessen mit Hilfe von künstlicher Intelligenz - Fallstudie Cuxhaven	Regelung von Treibhausgasemissionen für Kläranlagen
13:30 - 14:00	Dewatering Solutions: Fit-for-purpose, Sustainability and Digital Transformation	Cordonel launch - intelligent water management (Media Brief)	Hunting Sewer Monsters (Xylem's WWNO (BLU-X) system)	Sustainability targeted to Industrial Water Users
14:00 - 14:30	Enhanced Aeration System (EASy)	Innovation is at the core of what we do. How Xylem fosters an Open Innovation Ecosystem?	Leveraging the Power of Sport to Deliver Global Awareness & Agency on Water	Diversity & Inclusion - An opportunity for change in the water sector!
14:30 - 15:00	Increasing operational efficiency and achieving lowest total cost of ownership with total solution engineering using Computational Fluid Dynamics (CFD)			
15:00 - 15:30	Innovation Spotlight: Increase Wastewater Treatment Capacity with Taron™ Activated Sludge Filter	Water transmission pipelines: The forgotten pipelines, their needs	Digitale Lösungen für einen regionalen Energieabgleich	Expect more with Xylem e-XC, the new single stage double suction centrifugal pump
15:30 - 16:00	Sustainable wastewater disinfection in the light of the new EU water reuse guidelines	Securing Digital Technology in Water Utilities	Press Briefing Cocktail
