

# McDonnell & Miller wiring harnesses for Series RB-24SE Low Water Cut-Off

McDonnell & Miller offers different models of the Series RB-24SE Low Water Cut-Off for easy plug and play wiring for most popular boilers. From Honeywell Aquastat L7148 and United Technology boiler controls to Weil McLain Ultra, and Lochinvar Knight and Solution boilers we have you covered.

Ask your McDonnell & Miller factory representative or your local wholesalers which control fits your application.

For step and step wiring information please refer to Installation Operation Manual MM-211662
