

MeiStream RF Plus Water Meter End-to-end Accuracy and Reliability

THE INDUSTRY'S FIRST RADIO INTEGRATED C&I METER. PREPARING YOU FOR AMR AND YOUR FUTURE AMI ROADMAP.

In these times utilities need to ensure uninterrupted and safe water supply more than ever. MeiStream RF Plus can provide in time information on water consumption and sudden leakages. This helps your service teams act on interruptions more quickly and efficiently.

Our C&I water meters help you to

- Improve operational efficiency
- Improve network management and maintenance
- Improve customer service & satisfaction
- Save natural resources
- Reduce NRW (Non-revenue-water).
