

### Quality and warranty certificate

Xylem Water Solutions Magyarország Kft. (hereinafter: Xylem Water Solutions Kft.) hereby declares that the equipment sold by it is the product of Xylem Water Solutions AB that is certified with quality certificate No. ISO9001–00023430 and the environmental certificate No. ISO14001–00023429. The product fully complies with all production-related quality and assembly requirements.

Xylem Water Solutions Kft. provides a warranty for the pumps specified in the contract for 24 months from the date of delivery. This warranty does not cover expendable parts and normal wear and tear. The validity of the warranty is conditional on proper commissioning, intended use and professional, regular and documented maintenance.

The installation and operating conditions of the pump or mixer are in line with the operating, installation and maintenance instructions. The warranty shall become void if the customer or a third party makes changes in an unprofessional manner to the product or equipment during its storage, commissioning, operation as well as in the event of unprofessional intervention or disassembly of the machine that is contrary to the relevant instructions of Xylem Water Solutions AB. The warranty shall become void if the commissioning procedure has been carried out by a non-qualified person.

Xylem Water Solutions Kft. shall not be liable for failures due to mechanical damage to wearing parts such as the impeller, propeller, pump housing, wearing ring, rubber and plastic coated parts and electrical cable(s).

The warranty is limited, its general conditions are incorporated in the general terms and conditions of Xylem Water Solutions Magyarország Kft. These state that Xylem Water Solutions Magyarország Kft.'s warranty obligation may be met by refund of the purchase price, repair of the product free of charge, or delivery of a new product.

Questions not regulated herein shall be governed by the provisions of Government Decree 151/2003. (IX.22.).

**The above warranty may only be enforced at Xylem Water Solutions Magyarország Kft. or its authorized partners.**
